# Miracles of Survival

The famous old saying “there are no atheists in fox holes”, is very much alive in Ukraine as the people of this beautiful country with 42% of the world’s rich black fertile top soil struggle for survival.

Recently Pastor Andrii - a prolific church planter who oversees over 400 churches in Ukraine, shared with us the story of a young man in his church who discovered this while running from a Russian tank.

This young man - not an atheist but more like a lukewarm believer was a church goer. He married a girl, got divorced, was in and out of the church but not so committed to Jesus. When the war first began, this young man was drafted into the Ukrainian Army. While on a mission, he and his team came face to face with a Russian tank. The tank fired on their humvee, but they all managed to jump out. He went one way and the rest of the team went the other. Running for his life, the young man realized the tank was chasing him. It chased him right into a mine field. He said, “Pastor Andrii, you would not believe it! As I was running through the field, I heard an audible voice say - go left! Stop! Move forward. Stand still. Go right.” For over a kilometer he ran for his life through the mine field and back to the base. His mates at the base thought they were seeing a ghost, as he ran into the compound. This young man is no longer a lukewarm believer in Jesus but found His reality in the midst of horrendous evil.

Pastor Andrii said he has seen men who were atheist before the war started, now saying they believe in God. As every day, they are confronted with life and death situations causing them to seek truth.

Pastor Andrii and his teams travel thousands of kilometers each week to villages most affected by the war. Aid is used to help meet the natural needs of the people and opens the door for the gospel to be preached to meet the spiritual needs. Thousands of people are opening their hearts to receive Jesus. Bibles are given out with the aid packages, often finding people fighting over them. This enthusiasm extends to the drug rehab centers in New Generation churches - where the people are hungry for the word of God in their language.

Funds sent from Mission Outreach have been a timely blessing for the people of Ukraine. The first instalment of funds was used to purchase 2000 full Bibles written in the Ukrainian language, 7000 Gospels of John and 500 Children’s Bibles. The remaining funds have been earmarked for a similar outcome and will be printed and distributed in aid packages and rehab centers throughout the country. We are grateful to partner with the ministry of Mission Outreach.

**Thank you for helping get the word of God into the hands and hearts of the people of Ukraine.**

# Bearing Kingdom Fruit

**The Nepalese are a beautiful people with many hungry for the Word of God. It was a blessing to serve them on our trip this year.**

My first trip to Nepal was in 2005 with Neil, as we had been invited by Samuel Rai to teach in the Bible College. This was such a fruitful time that I jumped at the opportunity to return this year with the MO team.

We were able to serve the people in conferences, health clinics, youth meetings, house and hospital visits.

We began with BBC (Body Builders for Christ) conferences to equip pastors to train and disciple future leaders and provide resources to take back to their churches and multiply what they had received. So hungry were these pastors to receive teaching and encouragement, that some of them traveled many days, often on foot, through the rural areas of Nepal to be at the conference.

We joined with a medical team from City Impact Church in Auckland to open newly built medical clinics in rural areas of Nepal. We saw one chap who walked two days to attend the clinic and received relief from his pain during prayer and later he received Christ as his Saviour. The people were so grateful for treatment and medications

and for the encouragement and prayer they received from our team. It was such a blessing to be a part of this.

When the rest of the MO team had left, I stayed on with Samuel to do a two-day Youth Conference in Katari with 250-300 youth. These youth represented many different churches and fellowships and were like sponges soaking it all in. They were all so encouraged by the teaching and ministry time, and will return to their churches with much to impart.

It was so great for me to observe the growth of the work Samuel has undertaken in the area especially since 2005 and it was a blessing to serve and connect with so many Nepalese people over the six short weeks I was there.

The people are so willing to continue the work of the gospel in their communities. I was very blessed and honoured to be able to serve them in the conferences, health clinics, youth meetings and house and hospital visits.

# Smashing the Elephant

**God is moving in Nepal to bring down false religion, one precious soul at a time.**

Pulling out my bunch of pretty little Nepalese hand bags to show the team, I noticed that a small elephant on a key ring had been given to me by the shop keeper. I felt the Holy Spirit tell me to smash it as a symbol of the many false religions that have invaded Nepal, the nation that boasts of being 'on top of the world'. I had to use a rock to smash the elephant, decreeing that false religions be crushed and destroyed, and that God's mighty Kingdom come, and His will be done in Nepal, as it is in Heaven.

While flying from Kuala Lumpur to Kathmandu, I met Ramass, a Nepalese fellow who believed atheism, and that science had all the explanations to creation, until I told him that only Scripture has the explanation of where life has come from no life. Hinduism crept in to our conversation - Why weren't we worshiping God in everything? To which I suggested that the millions of Hindu gods can't possibly all be worshiped. Having this animated discussion Ramass reminded me of how confusing false religions are.

Listening to beautiful, rural women share their heartaches gave us insight into what was tormenting them: demonic attacks in the night hours, and nightmares. We prayed for the women individually, draped over them a red cloth representing the Blood of Jesus, anointed them with oil and commanded they be set free from the thief, who had been stealing something so basic to our human needs as sleep!

The next morning the women shared what good sleep they had had! One lady told us she'd had the first good sleep in all her 39 years. We thanked Jesus for delivering these precious folks and giving them peaceful sleep till eternity. To Jesus belongs all victory.

Staying in a city, found us with beautifully dressed women in a substantial church. The worship was glorious, Bible teaching brilliant, but little did we know how cruel the gods of false religion are. Ladies shared how they'd been persecuted because they had become followers of Jesus.

It's hard to imagine how an eight year old girl survived on the streets having been thrown out of her home because Jesus had captivated her young heart. There was much wailing and crying as women released so much pain. The Holy Spirit ministered His comfort and reassurance. We dressed a lady up with the Armour of God as a prophetic demonstration of equipping for their warfare against the devil.

Let the gods of false religion be totally smashed in Nepal in Jesus' Name. Arise oh Lord, pour out Your Majestic Holy Spirit upon all flesh. Amen.

## PEARL 22

### Myanmar Bibles

We are very excited to be able to add this new Pearl 22 Project of bibles for Myanmar. We have heard many are coming to Jesus in this nation and there is a great need for bibles to help grow the new believers. Price per bible is \$4.50, and our initial goal is for 40,000 bibles.

**Pearl 22 Project Goal: 40,000**

### Uganda Bibles

The need for Bibles in Uganda is greater than ever to bring encouragement, give instruction, direction and transformation for individuals, couples, families and communities. What an honour to be able to meet this need. Price per bible is currently \$8.00.

**Pearl 22 Project Goal: 25,000 Balance: 22,500**

### Chinese Bibles

Project Pearl in 1981 was significant for Eddie and the many others who helped with this epic delivery of Chinese bibles. Despite the Communist Party significantly reducing the quota of printed Bibles and closing down Bible websites and apps, we believe God will make a way where there is no way. Price per bible is \$4.50.

**Pearl 22 Project Goal: 100,000 Balance: 86,900**

### India Bibles: Telugu & Hindi

We have several contacts for India who all have a need for bibles in the churches they work with. The church in this nation is growing rapidly, as fear and persecution have opened the door for the Lord's people to reach out and share the gospel of Jesus. The cost per bible is \$3.50.

**Pearl 22 Project Goal: 50,000 Balance: 45,000**

### Nepalese New Testaments with Q&A

We are so thankful and blessed to announce the initial goal for this project is completed. As these are always needed for the Bobby Builders for Christ training and giving to new believers, we will re-instate this project in a couple of months. For now, we wish to thank all of you who gave so generously to this project and pray abundant blessings on you and your loved ones. Please continue to pray for those who receive these New Testaments that they grow, encourage and empower them.

**Pearl 22 Project Goal: 15,000 COMPLETED**
